

Significant Aspects of Learning Assessing Progress and Achievement in Modern Languages

Significant aspects of learning in Modern Languages

There are three significant aspects of learning in modern languages:

- **Listening and talking**
- **Reading**
- **Writing**

Although teaching and learning will often take place across more than one significant aspect of learning, a learner may achieve a level in listening and talking, or reading, or writing. Progress and achievement within these three significant aspects of learning in Modern Languages will be evidenced as children and young people achieve across these key themes¹:

- develop and use knowledge and understanding of language
- find, use and organise information
- appreciate other cultures

¹ These key themes are intended to broadly equate to the sub-divisions in the Modern Languages Experiences and Outcomes
